“**Green Power**” is electricity that is generated from renewable resources—solar, wind, geothermal, Landfill gas and low impact hydro. Renewable energy is by definition, replenishable and also less harmful to the environment than traditional sources.

The “**Green by Choice**” program provides every member with the opportunity to support “green Power.” Currently most funding goes to cover the additional cost of producing this environmentally friendly energy. A portion of the funding is used to promote “Green Power” through public education and research, and program administrative costs.

“Yes, I want to do my part to help the environment. Please sign me up for Tanner Electric Green by Choice Power Option.”

Name: _____ Phone: _____

Account Number: _____ Email: _____

Service Street Address: _____

City/State/Zip: _____

Billing Address (if different from above): _____

City/State/Zip: _____

YES! I would like to participate in the Green by Choice at the following level:

100% of my energy at an additional cost of 1.25 cents per KWH

OR for additional premium, purchase monthly blocks of “Green Power”

200 KWH / \$2.50 mo. 500 KWH / \$6.25 mo. 1000KWH / \$12.50 mo.

*Note this program is voluntary for Tanner Electric customers. The Green Power that you purchase is an additional premium that will be added to your current monthly energy charges. Your “Green Power” purchase will remain on your statement each month until you call us at (425) 888-0623 to cancel your participation. **Signing below indicates my agreement to the above billing choice for “Green Power.”**
